

# TRENDY DOORS

BY NAVAIR INTERNATIONAL PVT LTD

# PORTES DE STYLE CLASSIQUE

A collection of classical solid wood doors distinguished by its excellence. A unique and exclusive product, the result of passion, experience and master craftsmanship. A door in which traditional design is fused with the pinnacle of manufacturing technology and high-quality raw materials. We have designed for a sophisticated and quality-conscious public. The ideal furnishing element for exclusive, elegant environments.

COLLECTION

# COLOR WHEEL

## CW-01

An elegant alchemy of lines, decorative motifs and details. A stylized collection realized with extraordinarily technological systems. The attention to detail and the continuous search for elegant, unique solutions. The harmony of sophisticated, refined elements designs a sublime atmosphere, it is the depth of the routing that creates great aesthetic impact.

# COLLECTION

# INLAY

These optional treatments create a one-of-a-kind look for your door design, and can be added to either flush or stile and rail doors. For inlays, we route a channel for the metal so that when installed, the metal is flush with the wood surface. For overlays, we mount sheet metal directly to the surface of the wood.
